PROM

L. B. Nichols

SUBJECT:

RUSSELL E. WHITE

SECURITY COORDINATOR

GENERAL ELECTRIC COPPORATION

ALL THE CAMPATORS CONTRACTORS HELIERY E. DITTLE 9 Revol

With reference to Mr. Belia. I's memoral an dated January 18, 1954, which reports comments made by Roy Cohn to White and conveys the implications that Cohn is getting information which he is not entitled to from the Bureau, since so far as I know, I am the only person who has contact with Cohn, I might perhaps be a little sensitive. To regin with, I have never discussed White with Cohn except on one occasion which I will enumerate later. I frankly did not know that Mr. White was reporting things to Mr. + Imont, although I have seen memoranda referring to White and I knew that White was in the security set-up of the General Electric Corporation (GE). I certainly hope that Mr. Belmont is not laboring under any false assumption that I am engaged in the practice of furnishing the identity of our information from confidential sources to Cohn, as I am not. The Director and you e been informed at the essence of my contacts with Cohn.

Cohn did call me on Thursday, January 14: and he did tell me they were holding hearings in Boston on riday and Saturday; that they were going to call ProfessorsWendell H. Furr and Leon J. Kamin and twelve GE employees. Since Mr. Belmont had asked me earlier in the week when the McCarthy Committee was going to Boston, I very promptly told him of Cohn's call. Cohn also told me that he had see: White and since White reports everything to Mr. Belmont promptly, he wanted me to know about the hearings. I merely abserved with reference to Cohr s comment on White's reporting to Belmont, "Is that right."

I have never been under any allusions about Cohels propensity of talking. Certainly his comments about the Director's sending him ties for Christmas is absolutely uncalled for, and I wish there were some way we co hop him on this without divulging the so, ree of our information, obviously, we can't. I have tried to be circumspect in my dealings with Cohn and at the same time not precipitate any blow-up because Cohn is temperamental. He has complained to me in the past about getting the freeze in the New York office and so forth. I have always chided him that he is imagining these things because whether we like it or not, I think we have got to get along with him as long as he is in his present role.

cc: Mr. Ladd

Mr. Belmont

and described to	
_	
	I, of course, could not say whether or not this is true. I do now that after Sokolsky visited Allen Dulles in Washington, I bet him a dinner se would be named as a consultant within the next six weeks. George must have nade a tickler because approximately six weeks thereafter, he called me on the phone and told me I owed him a dinner because he had not been approached to serve as a consultant. Should there be a propitious time arise in the future, will make the offhand remark that the reason George had not been approached a consultant is because he had already been sworn in and, of course, say othing further.

Memorandum to Mr. Tolson from L. B. Nichola

	_

	l
	l

Coming back to Mr. Belmont's memorandum, since so far as I know, I am the only person in the Bureau to be currently dealing with Cohn, I feel sensitive about the implications therein. As a matter of fact, I did not know that the Director had sent Roy two ties for Christmas. I do know that if Roy has a pipeline, then we better start for king around because it has not been myself. In connection with the Christmas ties, Roy sent me a tie. I sent him a New Year's greeting card with a thank you note.

MR. /. H. BELMONT

MR. V. P. KEAY

WILLIAM F. HEIMLICH INFORMATION CONCERNING

On January 4. 1954. Allen Dulles of CIA advised Liaison Agent Papich that

The Linison Agent directed Dulles' attention to Bureau letter

For your information, Meimlich was the subject of a Voice of merica investigation conducted by the Bureau in 1949. Information Information 9 was developed indicating that Heimlich had been responsible for the removal of the "Goebbels Diaries" from the European Command Michael proper authority and with the intention of profiting from the removal. This allegedly took place while Heimlich was in the U. S Bureau files also indicated that Heimlich had alleged to furnished classified documents to an unauthorized individual. November 9. 1953

Ladd. This is being submitted for record purposes. In the ACTION: None. Belmont future, any dealings with neimlich will be handled in a ver Clegg. Glavin circumspect manner. ALL INFORMATION CONTAINED Rosen NOT RECORDED Tracv

SUBJECT: CL ERICAL RECRUITING BY CIA

For your information I am attaching the "U.S. and US" government column appearing in the Times Herald for November 20, 1953 which contained an item to the effect that "a local agency is interviewing for clerk-typists at grade GS-4 (\$3175) and Givil Service is not required. However three years experience and speed of 60 words per minute is needed." and further "the same setup is offering the unusual grade GS-5 starting salary for stenographers if they can take 100 words per minute and type 60 words. These start at \$3410 and do not require status."

Through a contact of mine of the U.S. Employment Service, Mrs. Hilda Morrison, we learned that the agency in question is CIA. She did not have any further information except that their investigation is taking ninety days and CIA will take no one without a release.

I am bringing this matter to your attention because there is no clerk-typist position in the Bureau as high as Grade GS-4 and we have no starting stenographer job as high asGrade GS-5. Obviously CIA is either assigning these people to jobs which are over-classified or else the titles of the jobs are not fully descriptive of the duties.

RECOMMENDATION: That authority be given to have the agent handling liaison with CIA endeavor to obtain job descriptions or in lieu thereof detailed information concerning the duties and responsibilities of these two positions so we will be in a position to answer any inquiries which we might receive from any of our employees who might seek release to accept one of these positions.

Hice Memorandum • United States Government epper de l'anuary 4,

Mr. Tolson

FROM Glavin

SUBJECT: CLERICAL RECRUITING BY CIA.

Reference is made to the attached memoranda, particular 'reference being made to Liaison Special Agent S.J. Papich's memorandum to Mr. Keay, December 14, 1953, wherein he advised of the recruitment procedure of CIA in so far as clerk-typists and stenographers are concerned.

In harmony with your approval I communicated with Mr. Josep W Spilman on the morning of January 4, he having been on leave during the holiday period, and discussed this matter with him. He stated that CIA is supposed to go along with the Classification Act. He pointed out that he was deeply appreciative of the information I furnished him and he would look into the matter immediately. He did point out that CIA is not under the Classification Act. Spilman is going to keep me advised concerning this matter.

Set forth are the results of discreet inquiries and observations made by the Liaison b3 162-80750 paded RECORDED-42 SJP:1w INDEXED-42 , JAN 20 195

	•		

With regard to the hiring of stenographic and clerical personnel attention is directed to the salaries paid by CIA, which might be considered as enticing to the average applicant. The CIA hires clerks at GS-4 and stenographers at GS-5. It is believed that this is well above the average of other agencies.

Probe of CIA Is Considered

By JACK STEELE Scripps-Howard Staff Writer

The Senate Appropriations Committee is considering a fullscale inquiry into the secret op-erations of the Central Intelli-gence Agency, the Government's top spy agency.

Chairman Styles Bridges (R., N. H.) confirmed today that some members of his committee have tirged such an inquiry based on a series of "complaints" relating to the CIA's effectiveness and efficiency.

None of these complaints apparently involve charges of communist infiltration of the super-intelligence

Sen. Bridges said the committee would discuss the possibility of such an inquiry soon. He said the inquiry, if one is conducted, should not be called an "investigation." He made it plain any such probe would be behind closed doors.

If the committee goes ahead with the plan-which may bring strong objections from the Eisenhower Administration-it will mark the first time that Congress has demanded detailed information about the CIA operations.

Sen. Joseph R. McCarthy (R., Wis.) started an investigation last year of a reported CIA project to utilize communists in some of its activities, but called it off after Administration leaders strenuously objected.

There is some difference of opinion now within the Appropriations Committee, it was learned, on the necessity of a probe of the CIA.

Some members say the committee should give no more "blank check" appropriations to CIA without first finding out whether there is any substance to the complaints about its' effectiveness.

Others want to keep on giving CIA the funds it wants without asking any questions, on the theory

that it is up to the President to make sure that the agency is doing its job well.

HIDDEN CASH .

The CIA's operations are so secret that even its appropriations are hidden in the budget—in the are mudel in the budget in the same way funds were concealed for the "Manhattan Project" which developed the atom bomb. Committee

members will only say that it has a budget of "many millions." Allen W. Dulles, brother of Sec-retary of State John Foster Dulles, heads the CIA. His predecessor was Walter Bedell Smith, new Under-Secretary of State. Senators who want more information about CIA operations insist their proposed in-quiry is not aimed at either Mr. Dulles or Gen. Smith. Among the complaints are:

 CIA has not done an effective job collecting information behind the Iron Curtain.

the Iron Curtain.

• Military intelligence groups have done a better job in the "cloak and dagger" field than the CIA.

• CIA has become a haven for

"broken-down generals and alimirals."

• Much of the money spent on CIA thus far has been wasted.

MR. TOLSON:

I saw Richard Arens and his assuriate, Schroeder, of the Jenner Committee. Arens handles the staff for Senator Butler's task force on Communist infiltration of labor on the Internal Security Arens stated that they have quietly been gathering together considerable information. They are firml, consinued that Jay Lovestone is no good; that they contemplate calling him in as a friendly witness and then start inquiring into his activities, Arens woolered if we could be of any assistance. I told him I frankly did rot know exactly what we had which we could make available. I asked if he had lever checked with CIA. He stated they thought this would be futile as they are not on too friendly terms with CIA at the present the I told Arens I thought the thing to do was to call Lovestone in as a friendly witness and see how far they could go on a friently basis ruthout indicating any antagonism. I told him in the meantime I would check and see if there was any way we could be of assistance to them.

My curbstore opinion is that he should tr, to stay out of this, although I think we might summarize what we have on Lovestone. If there are any leads we could give them, we could go tops far. I suspect once they start going after Lovestone, quite a rokus will be raised. I think it would be just as well if we stayed out out as Are is is at bull in the china shop."

SUBJECT:

CLERICAL RECRUITMENT BY CENTRAL INTELLIGENCE AGENCY

You will recall that I recently talked with Mr. Joseph Spilman of the Civil Service Commission concerning CIA's recruitment policies insofar as Typists and Stenographers are concerned.

Mr. Spilman called at my office recently at which time he stated he had not been able to get any information for me in connection with this particular matter. However, he stated he was making arrangements to discuss the matter with the Personnel Officer of the Central Intelligence Agency and that he will let me know the results of his discussion with that particular official.
